Florida has 825 miles of beautiful beaches. Some areas have been impacted, but most of Florida beaches are unaffected and we will continue to provide accurate, real-time information to help travelers make well-informed vacation decisions.
To help travelers make well-informed vacation-planning decisions, Florida Live on VISITFLORIDA.com offers real-time images, Twitter feeds, videos and beach updates from all over the state.

If you have not been impacted by oil:
The news that oil has made its way to some Northwest Florida beaches is tragic and we will do all we can to support our fellow Floridians who are dealing with it. At this time there is no impact to (our destination). Our beaches are clean, clear and ready for your enjoyment.

If you have been impacted by oil:
Some oil has landed on our shores and though it is devastating to experience any oil on (our location’s) wonderful beaches, we have confidence that mitigation and cleanup efforts are underway. In the meantime, we encourage visitors to enjoy all the other wonderful activities and experiences (our location) has to offer.
